**Removes stains - Degreases - Cleans up exotic and autoclaved wood.
Revives the colour of the wood - Restricts greying.**

CHARACTERISTICS

Concentrated cleaning agent formulated for decks of exotic wood, pine or autoclaved wood: floors, slatted wooden coverings, wooden pool edges, etc...

- Removes food stains, grease stains, greying
- Brightens the wood and restores its original colour

APPLICATION

- Rough timber or oiled wood : Scrub your wood to remove large pieces of dirt. Dilute the Decking Cleaner in a ratio of 1 to 2: 1l of Cleaning agent in 2l of lukewarm water.
- High-pressure cleaner : Pour out your mixture into the tank of your high-pressure cleaner. Spray the surfaces to be cleaned. Let the cleaner act for 5 min then rinse with clean water.
- Garden sprayer : Pour your mixture in a watering can or in a garden sprayer then spray the floor. Let the mixture act for 5 to 10 min then scrub vigorously with a push broom. Remove the dirt as you go along and rinse with clean water. Let it dry for 24h to 36h before applying the V33 Decking Oil.
- Manual cleaning : Pour the product in a bucket of warm water and apply with a push broom. Rinse with clean water. Let it dry for 24h before applying the V33 Decking Oil.

V33 ADVICE

- In case of persistent stains or extremely dirty wood, apply a few drops of undiluted Decking Cleaner. Rub with a stiff bristle brush then rinse with water.

WARNING

Contains biocidal products (preservatives): contains reaction mass of: 5-chloro-2-methyl-4-isothiazolin-3-one and 2-methyl-2H -isothiazol-3-one (3:1); 1,2-benzisothiazol-3(2H)-one. May produce an allergic reaction. H319: Causes serious eye irritation. P101: If medical advice is needed, have product container or label at hand. P102: Keep out of reach of children. P271: Use only outdoors or in a well-ventilated area. P501: Dispose of contents/container to a waste collection center (contact the local authority)

DO NOT ALLOW TO FREEZE.

Less than 5%: Non-ionic surfactants.

Benzisothiazolinone. reaction mass of chloromethylisothiazolinone and methylisothiazolinone (3:1).
